

Reliable & Accurate

VIKING
Oil Dispenser

VIKING OIL DISPENSER PT-VK04

Protech's Oil Dispenser is a microprocessor based oil dispensing system. It is fully automatic and safe device to dispense oil accurately to a preset value. It is programmable to meet the changing needs. It avoids wastage of oil, which in turns saves money and high customer satisfaction. It is Electro Pneumatically operated. All the operator has to do is set the predefined amount of oil to be dispensed and press the start key. The equipment automatically dispenses the predefined set amount of oil and beeps after the operation is over. The system can also be directly connected to the petrol dispensing nozzle.

Salient Features:

- * Digital Displays for Amount, Quantity and cumulative oil dispensed.
- * Easy to use Preset keys to select oil quantity.
- * UP / DOWN keys for setting / changing quantity.
- * Touch sensitive long life keys.
- * Programmable cost of oil per liter.
- * Display on both sides.

Nozzle

Connected to Petrol
dispensing nozzle

Specifications:

Working Principle	: Electro Pneumatic
Tank Capacity	: 42 ltrs. (Based on customer requirement)
Dimensions	: 710 (h) x 315 (w) x 570 (d) mm (Approx)
Operating Pressure	: 70 PSI
Supply Voltage	: 230 V AC
Programmable keys	: 5
No. of Pumps	: 1
Display	: 1 inch (for quantity, amount) 16 x 2 dotmatrix display (for programming and cumulative display)
Accuracy	: ≤ 0.01 %

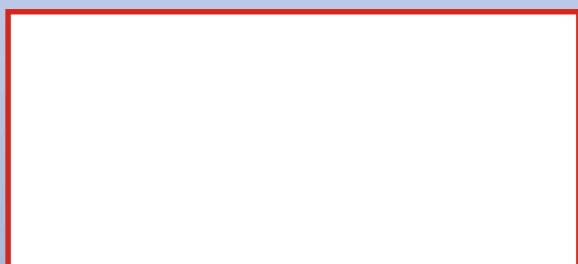

Also available Barrel Dispensers

Optional : RS-485 Communication Port
